We See How Stunning Your Rise to the Top Can Be.

Upraiser Agency | Your Premium Traffic Provider

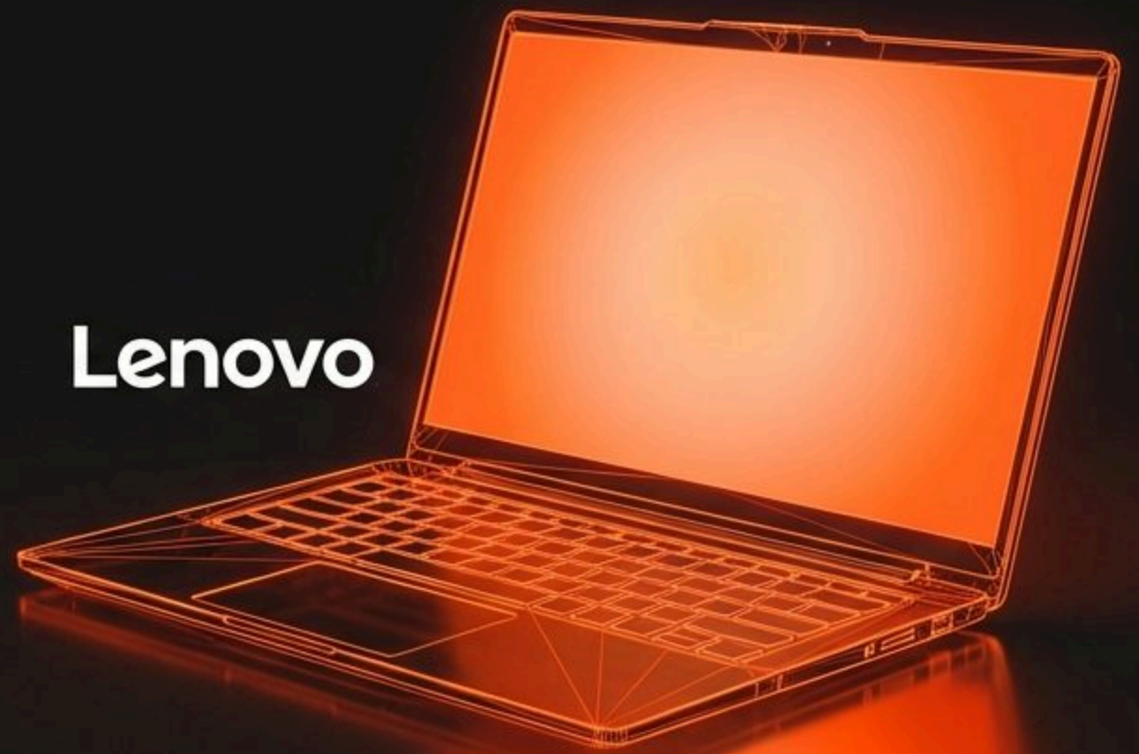

2026 Media Kit

THE MISSION: PERFORMANCE FIRST

We operate as a technical infrastructure, not just an agency. As the official agency of Lenovo PC HK LTD, we transform product potential into market reality through exclusive hardware access and proprietary tech.

Our Focus: Moving beyond vanity metrics (CPI) to metrics that matter—Deposit Rates, Subscription Growth, and LTV.

GLOBAL REACH, SURGICAL PRECISION

100+ Territories

Active traffic flow across Tier-1 and Emerging Markets.

24/7 Execution

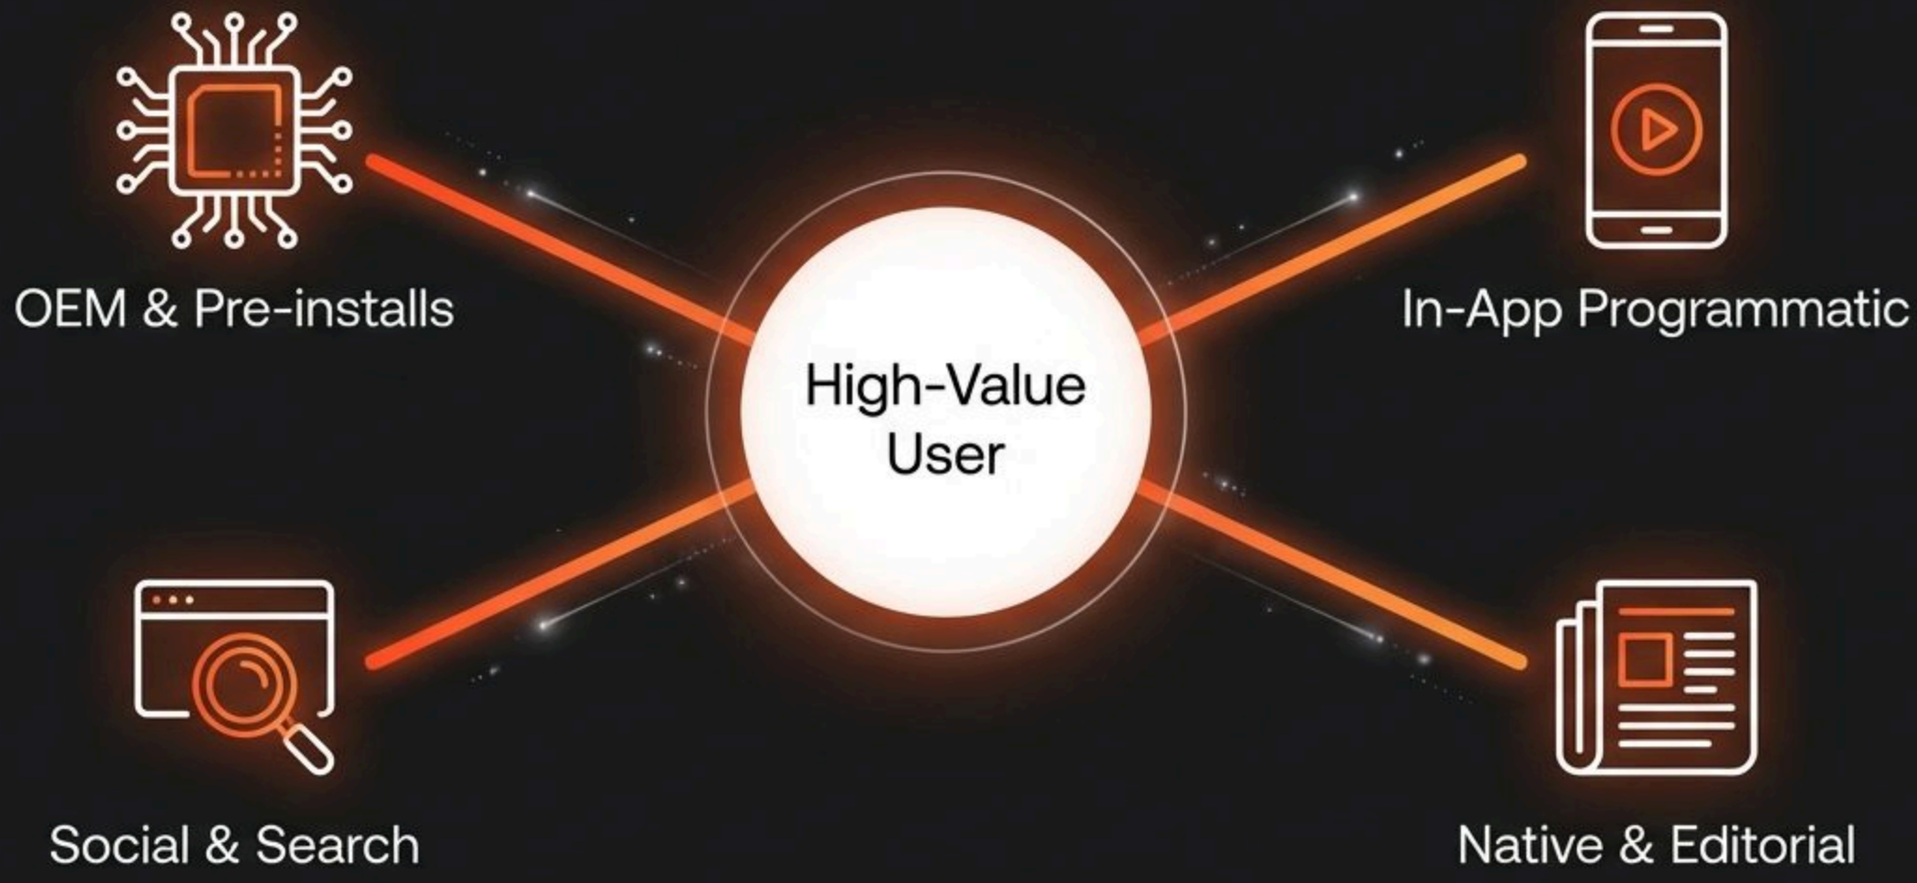

Seamless media buying optimizing across all time zones.

Single Integration

One unified team managing global nuances without fragmentation.

THE OMNICHANNEL MATRIX

We follow the user, not the platform. Our proprietary mix diversifies risk and maximizes reach.

PILLAR 1: THE HARDWARE ADVANTAGE

Direct Access to Tier-1 OEM Inventory

Lenovo · mi xiaomi · SAMSUNG · oppo

Factory Pre-Install (Hardcoded)

ROM-level integration before the device leaves the factory.

Your app is present from Day 1.

Zero fraud.

Cloud Pre-Install (Agile)

Triggered during device setup (OOBE).

Live in 1-2 days via Google PAI.

Instant targeting flexibility.

PILLAR 2: IN-APP PROGRAMMATIC

Scale via SDK Integration
Access to 100k+ apps with high-intent ad units.

Behavioral Targeting
We analyze "App Usage Frequency" and "Session Depth" to bid only when engagement signals are at their peak.

100,000+

Active Apps via SDK

PILLAR 3: SOCIAL & SEARCH ARBITRAGE

Capturing intent across platforms.

Search Intent

Capturing active demand on Google, Bing, and Yahoo via high-intent keywords. We bridge the gap between browsing and converting.

Social Segmentation

Granular audience segmentation on Meta and TikTok to deliver personalized acquisition experiences.

PILLAR 4: NATIVE & EDITORIAL PRESTIGE

Trust Transfer

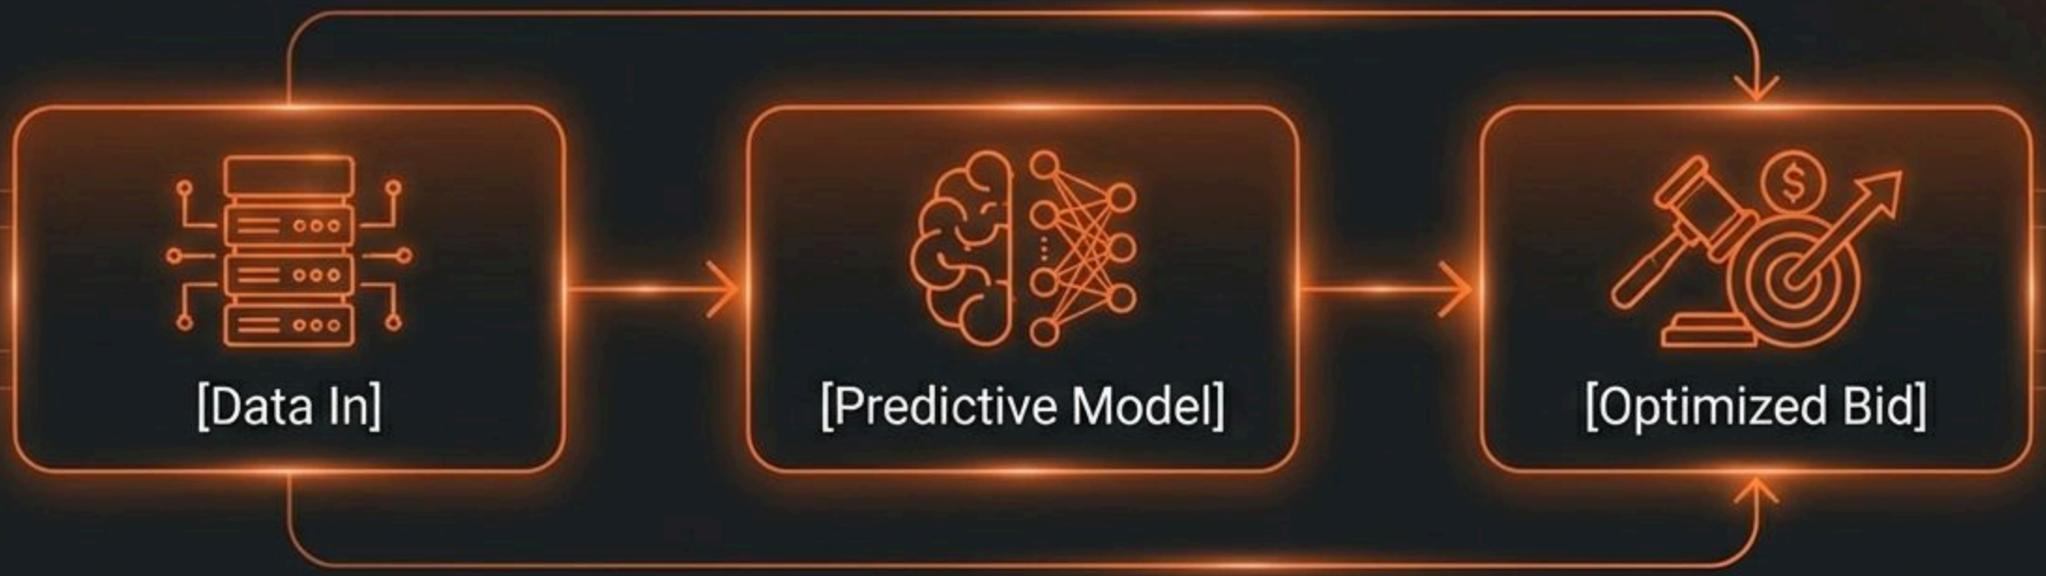

Placing your brand on high-authority financial and tech news sites (e.g., WSJ context).

High-CPA Strategy

Curated inventory aligned with strict CPA goals. We leverage the implicit trust of premium publishers to drive high-value conversions.

THE ENGINE: PROPRIETARY DMP

Predictive Scoring

Our strategists use unique device signals to predict a user's potential LTV *before* the impression is served.

Total Clarity

No black boxes. You see the campaign execution and data we see, always.

THE SHIELD: ZERO TOLERANCE

Protect360 AppsFlyer Adjust Kochava

Philosophy: **If We Can’t Verify It, We Don’t Buy It.**

Real-time identification of Install Hijacking, Click Flooding, and Bot behavior. We filter the noise so you get pure signal.

DATA DEEP DIVE: BOT BLOCKING

Real-Time Defense

Your budget is spent on humans, not scripts.

PERFORMANCE MATRIX: FLEXIBLE MODELS

CPI (Cost Per Install)	CPA (Cost Per Action)	CPL (Cost Per Lead)
Volume-Focused	Event-Focused	Registration-Focused
Ideal for massive scaling and app store ranking.	Ideal for deposits, purchases, and subscriptions.	Ideal for fintech applications and pre-registrations.

We align our commercial model directly with your LTV goals.

CASE STUDY A: SCALE WITHOUT COMPROMISE

Even at massive click volume, our real-time filters ensure zero fraud permeates the funnel.

THE OPTIMIZATION CYCLE

How it works: Data from high-intent search sources informs the behavioral targeting of our high-volume programmatic campaigns.

COMPLIANCE & BRAND SAFETY

- **Brand Safety:** We ensure placements align with your brand values and exclude harmful categories.
- **Regulatory Compliance:** Full adherence to GDPR, CCPA, and vertical-specific regulations for iGaming and Fintech.
- **Privacy First:** User data is hashed and anonymized.
